Chair’s Message

As Chair of the Public Accountants Licensing Board of Newfoundland and Labrador, I am pleased to submit this annual report for the activities of the Board for 2007. This plan is prepared in compliance with the Transparency and Accountability Act pursuant to which the Board has been categorized as a Category 3 government entity and which requires the Board to prepare an annual report. The Board is accountable for the preparation of this report and for the results herein. In developing this report, the Board has considered the strategic directions of the Minister of Government Services.

The Board is self-funding through annual fees charged for the issuance and renewal of public accountancy licenses. The board sets the licensing fee and pays remuneration and expenses that are consistent with government guidelines. The Board continually enjoys a surplus which it invests in interest-bearing assets. The Board is audited annually by the office of the Auditor General of the Province of Newfoundland and Labrador. As per the Public Accountancy Act, the Board reports annually to the Lieutenant Governor-in-Council on the status of the Board’s fund and forwards the report to the Comptroller General for incorporation into government’s consolidated statements. In 2007, the Board endowed the Public Accountants Licensing Board Scholarship at Memorial University of Newfoundland to promote excellence in public accountancy within our province.

The Board is comprised of members appointed by the Lieutenant Governor-in-Council from the three recognized accounting designations: chartered accountants; certified general accountants; and certified management accountants, as well as members from the general public. The Board enjoys very strong and cordial working relationships with the three designated accounting bodies and currently has no complaints outstanding against any licensees.

In 2008, the Department of Government Services will introduce new legislation into the House of Assembly that will govern public accountants. The new legislation will give self-regulatory status to the Public Accountants Licensing Board in keeping with the White Paper on Self Regulatory Occupations. We look forward to the challenges of the next planning cycle.

Respectfully submitted,

Alex Faseruk
Chair

AUDITOR’S REPORT

To the Chair and Members
Public Accountants Licensing Board
St. John’s, Newfoundland and Labrador

I have audited the balance sheet of the Public Accountants Licensing Board as at 31 December 2007 and the statement of revenue, expenses and equity for the year then ended. These financial statements are the responsibility of the Board’s management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Board as at 31 December 2007 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

Public Accountants Licensing Board

NOTES TO FINANCIAL STATEMENTS
31 December 2007

 Authority

The Public Accountants Licensing Board (the Board) was established under authority of the Public Accountancy Act. The powers of the Board include granting licences to practice as a public accountant under the Act, keeping a roll of persons licensed, and prescribing the educational standards and other qualifications of applicants for a licence.

1. Significant accounting policies

These financial statements have been prepared by the Board’s management in accordance with Canadian generally accepted accounting principles. The Board does not prepare a statement of cash flows since there are no investing and financing activities and the changes in cash flows are readily apparent from the other statements.

2. Financial instruments

The Board’s financial instruments recognized on the balance sheet consist of cash, temporary investments, sales tax receivable, and accounts payable and accrued liabilities. The carrying values of these instruments approximate current fair value due to their nature and the short-term maturity associated with them.

3. Scholarship

During 2007 the Board entered into a Gift Agreement with Memorial University of Newfoundland to establish the Public Accountants Licensing Board Scholarship. The Board provided $25,000 to the University to establish an endowment fund to be managed by the University.

A scholarship valued at a portion of the income on the endowment is to be awarded from the fund annually, to an undergraduate student entering the final year of an academic program in the Faculty of Business Administration, who is in scholarship standing and demonstrates an interest in pursuing public accountancy as a profession. All scholarships will be awarded and administered in accordance with the University’s student awards policies and practices.

4. Income taxes

The Public Accountants Licensing Board is a Crown entity of the Province of Newfoundland and Labrador and as such is not subject to Provincial or Federal income taxes.
